M u s i c F a c i l i t y

An limited opportunity for school groups to experience a day of professional recording at Australia's leading film music scoring facility

THE EXPERIENCE

"Trackdown Scoring Stage" is Sydney's premier facility for recording music for feature films such as *Happy Feet*, *Aquamarine*, *Moulin Rouge!*, *Master & Commander* and *Australia*.

This day of recording has been devised for school choirs, quartets, orchestras, bands, concert bands, soloists and students of music, design & technology, media & film studies and students with an interest in sound engineering. All students will experience first hand the excitement of 'live' recording under the guidance of Trackdown engineers.

The final recorded product, a CD, is delivered to the school at a later date so that each student will have a memento of their experience.
